

Audio Performer Pack™

OVERVIEW

The Audio Performer Pack, a complete P.A. system that packages the new PVⁱ™ 4B powered mixer with PV® Series microphones, loudspeakers and accessories. The Audio Performer Pack brings ease of use and powerful sound to small performances and multi-purpose use in schools, churches and virtually any intimate speaking or entertainment application. The rugged, powered PVⁱ 4B mixer features rotary controls to adjust level, reverb and tone on each channel and the master section, with a built-in power amp rated at 100 watts RMS into 4 ohms. Its feature set also includes four balanced microphone and 1/4" TRS inputs, tape/CD input with level control, a line out for connection to external amplifiers and a record output. Rounding out the all-in-one P.A. solution are two PVⁱ 100 dynamic cardioid microphones, two PVⁱ 10 premium loudspeaker enclosures, a pair of adjustable speaker stands and cables for the microphones and speakers. The extensive PV Series product line includes every link in the audio chain, from loudspeakers, mixers and power amplifiers to processors, cables, microphones and accessories. The Peavey Audio Performer Pack will be available from authorized Peavey retailers in Q4 2006.
