

# Impulse® II

## OVERVIEW

The Impulse® II is a small, attractive monitor for the working musician. It utilizes two 4 1/2 inch speakers and a bi-morph high frequency driver to deliver full-range frequency response and will handle power up to 200 watts peak. In answer to the requests of many musicians, the Impulse® II has been designed as a 16 Ohm enclosure and is equipped with a level control. Input connections are made via two 1/4 inch phone jacks in parallel for daisy-chaining. The enclosure is constructed of rugged, black propylene, has a metal grille and comes with a specially designed stand adapter. These features, coupled with its small size, make the Impulse® II an excellent choice for live monitor applications.

## FEATURES

- Black molded propylene enclosure
- Two 4 1/2 inch speakers
- Piezo tweeter
- 100 Hz to 20 kHz
- 90 dB at 1W/1m
- 16 ohms
- 50 watts continuous, 100 watts program, 200 watts peak
- Built-in stand adapter
- Weight Unpacked: 7.00 lb(3.175 kg)
- Weight Packed: 9.00 lb(4.082 kg)
- Width Packed: 9.25"(23.495 cm)
- Height Packed: 15"(38.1 cm)
- Depth Packed: 10"(25.4 cm)
