

JD-AG3™ Jack Daniel's® Acoustic

OVERVIEW

Jack Daniel's JD-AG3™ combines a vintage dreadnought-style body with traditional X-bracing; a cedar top; mahogany back, neck and sides; and a rosewood fretboard with 20 nickel silver frets. Chrome, die-cast machine heads allow smooth, accurate tuning, and custom Jack Daniel's-approved artwork on the body and headstock lends a sense of antiquity to this instrument. The JD-AG3 also includes the JD-AP™ acoustic pickup and electronics package.
