

MAX® 150 - New for 2018

OVERVIEW

The Peavey MAX® Series is designed for superior tone, performance and reliability in portable bass amplification, with Peavey's DDT™ speaker protection and exclusive tone enhancements.

The Peavey MAX 150 bass combo amp delivers huge bass tone with exclusive Peavey designs, including unique psycho-acoustic low-end enhancement that adds bass without demanding anything extra from the speaker--a testament to Peavey's technology-driven reliability. The EQ section includes three-band EQ, a gain boost featuring Peavey's patented TransTube® tube emulation circuitry, and switchable presets like Contour, Mid-Shift and Bright.

The MAX also features a built-in chromatic tuner with mute, a tuned and ported enclosure, 1/8" headphone output and 1/8" auxiliary input. The amp also includes an XLR direct output with ground lift.
