

PVH™ 410

OVERVIEW

PVH™ series cabs were designed to be easier to transport without sacrificing internal volume needed to maximize efficiency and SPL. Featuring custom designed, high excursion, ceramic magnet woofers and advanced bracing features, these cabs are structured to withstand aggressive playing styles when using dropped tunings or extended range basses without losing tonal integrity. PVH cabs play louder and lower than any Peavey bass cabs to date.

FEATURES

- Black carpet covering
- Powdercoated black metal grille
- High frequency horn tweeter with rotary L-pad attenuator;
- Four heavy duty 10" speakers
- Ported cabinet
- Metal corners
- Rugged 15mm plywood Construction
